NEWS OF PENDLETON

City Gets Adding Machine.

City Recorder Fitz Gerald will hereafter have an adding machine in his office, the council authorizing the purchase last night.

W. C. T. U. Tenders Thanks.

The local W. C. T. U. has tendered a vote of thanks to the city for securing two matrons during the Round-Up to look after the girls during the week.

Fire Loss \$55,000.

The loss by fire last month in Pendleton is given as \$55,000 by Fire Chief Ringold in his monthly report. Practically all of the loss resulted from the disastrous basement fire in the Belts building. During that fire four joints of hose burst.

To Be Here Nov. 10.

Owing to unavoidable circumstances P. J. Epping, field missionary for the Lutheran church, will not be here tomorrow evening but on Nov. 10, Luther's birthday, will give a talk at the Brown chapel on the subject of Luther's life and the reformation.

Levee Repairs Finished.

The workmen who have been engaged in repairing the levee at the bend in the river near the La Dow property on West Court yesterday completed their work and the levee at this point is now stronger than when first built. The repairs cost about \$800.

Firmen to Get Light Truck.

Though the council refused to purchase a light auto fire truck at this time, the budget for next year provides for \$1000 for the purchase of one next year and it is the intention to make the purchase about April 1. Bids were received last evening by several auto dealers and they ranged from \$350 to \$1100. However, they will not be acted upon at this time.

Asks Room for Boys.

Dr. Guy L. Boyden, representing the Commercial association, appeared before the council last evening and formally requested permission to use the old library rooms in the city hall as club rooms for a boys' club upon which the Commercial association has been working for the past year. He stated that the plan was to equip the rooms with billiard and pool tables, reading tables and other attractive features and to limit membership to boys under 21. The club would be properly supervised, he said. The matter was referred to the house committee and later was discussed by members of the council. Some of them favored the plan and some were opposed to it. The final upshot was that the council decided to take the matter under advisement for a week.

To Put in New Crosswalks.

The street committee of the council has just completed making a list of crosswalks in the city that need replacement and last night was given authority to advertise for bids to put in a number of concrete crosswalks. Those which will be built of wood will be put in by the street commissioner. Among the locations for the new crosswalks are Garden and High, Willow and Tustin, Stonewall Jackson and Lewis (2), Beaudregard and Lewis (2), Long and Lewis and Webb and

Post. Most of these will be of concrete. The matter of requiring new concrete walks to be laid along the Tull property on West Alta just off Main was brought up. It was reported that the owner had plans for putting up a brick building in the near future and wished to put in new walks at the same time. There was some objection to any delay but no action was taken.

Storm Is Predicted.

His barometer having been falling all day, Major Moorhouse predicts a heavy storm and the overcast skies indicate in the same direction as the barometer.

Found a "Live One."

The police last night arrested A. A. Rawley, who was inebriated, and his pockets were lined with greenbacks. When he sobered up he paid a ten note for his liberty.

Ask for Light.

A petition, signed by L. J. McAtee and others and asking for an art light on Tustin street near the high steps leading up the bluff, was presented to the council last night and referred to the light committee.

Goes After Body.

Coroner J. T. Brown was called to Helix this morning by the news that John Welker, formerly of this city, had been found dead in bed at his ranch north of that town. Mr. Welker was well known here, having formerly been associated with Kyle Long in the automobile business. Before that he farmed near Holdman. He is survived by a wife and three step-children.

Local Boy in Picture.

George Hackathorne, who left Pendleton some time ago to join the movies in Los Angeles, is to be seen in the picture, "Flames of Conscience" at the Pastime today. He takes a minor part very creditably. C. S. Evans received a letter this morning from Hackathorne in which he states that he was kept very busy working before the cameras. He is very enthusiastic over his work and expects to stay with it.

DEUTSCHLAND TO BE MUSEUM AFTER WAR

NEW LONDON, Nov. 2.—Captain Koenig said Germany intended to make the Deutschland a museum after the war and charge admission. He refused to admit visitors except the mayor. The crew is on shore leave. Pretty women almost hugged the sailors. Crowds cheered whenever they appeared and autographs were demanded. They have not started unloading the cargo. Koenig said: "The submarine is the warship of the future. Battleships are useless."

ODDS ARE EVEN IN CHICAGO BETTING

CHICAGO, Nov. 2.—Presidential betting is light in board of trade circles. Odds have changed from two to one on Hughes to even. John Barrett, a big grain dealer, bet two to one that Hughes would carry Illinois. The betting is even that Hughes will be elected.

MRS. THOMPSON TO SPEAK SATURDAY

Will Address Meeting in Open House—Is Considered One of Best Speakers in State.

That the present political campaign is one of intense interest to women as well as men is shown by the fact one of the chief speakers of the campaign in Pendleton will be Mrs. Alexander Thompson of The Dalles, who is to talk at the Oregon theater Saturday evening.

On the occasion of Mrs. Thompson's meeting the band will play on the street but it is not planned to hold a parade all attention being centered on the meeting at the theater. During the meeting Miss Edna Zimmerman will sing.

PRIGATE CONSTITUTION IS GOING INTO DRYDOCK

BOSTON, Nov. 2.—The Frigate Constitution, relic of the early days of the United States navy is going into drydock for the first time in nearly three score years, according to plans announced today at Charleston navy yard, where the old sea fighter

GRAIN and STOCKRANCH

2820 acres on railroad. 2000 tillable, part ready to seed; good buildings, plenty of water, all fenced and cross fenced. Price now \$50,000.

I have some desirable residence property in Pendleton for sale at less than cost to build, and lots thrown in. Among which are the fine modern homes of J. S. Landers on Jackson street, and J. L. McCreary on Monros street.

The Sign That Means Quality

Throughout the United States there is one jeweler from each city securely united to buy and produce "quality" goods in cooperation. It means a price-saving to you and a uniform standard of high quality.

On our window and in our store you will see the above sign.

"THE HALLMARK STORE" prominently displayed. For wherever throughout the United States you see it—it can be a safe guide to honest values.

We take a just pride in being known as the "Hallmark Jeweler" and in featuring "Hallmark" jewelry.

MISS HELEN KELLER

BOSTON, Nov. 2.—As a result of an injury to the spine, Miss Helen Keller, the famous blind girl, has been compelled to cancel her lecture engagements for the season. Miss Keller had planned an extensive tour throughout the United States, lecturing upon instruction for the blind and deaf and dumb, from all three of which afflictions Miss Keller has suffered since childhood. After years of application, however, she learned to speak.

CAPT. CLARENCE CULVER

Captain Clarence Culver, United States military aviator, holds the world's record for sending radio messages from an aeroplane. He sent a message 119 miles, from Santa Monica to San Diego, Cal., while flying at an altitude of 11,200 miles. He received a radio message from a distance of 11 miles while flying 7000 feet high. He is also the first military aviator to rig up two aeroplanes so that they could exchange messages while in flight. Captain Culver's aeroplane radio set weighs less than 45 pounds.
